Lab 4 - Layout

In this lab we will create a complex page which utilizes all the concepts of HTML/CSS that we have learnt so far.

We will be creating a page for a fictional company.

For images for people use (Numbers go from 1 - 99)
https://randomuser.me/api/portraits/men/75.jpg or https://randomuser.me/api/portraits/women/75.jpg

Lorem ipsum text https://www.lipsum.com/

Image of star => star.png [The color of the star is yellow, that's ok]
Image of hat => hat.png

Create images with radius: https://www.w3schools.com/howto/howto_css_rounded_images.asp

Note: The Log in / Create free account / Get a demo / Add to cart are *buttons*

    The page should be designed for a screen of size 1500px (i.e. width of body should be 1500px)

Please submit a zip, containing your html, css and a images folder (containing the star/hat image used on your html page)
